Report

CPRC hosted a momentous award ceremony on 21-06-2023 for exceptional students of Department of Computer science and Engineering for publishing 1 patent and Department of Information Technology for publishing their groundbreaking 4 patents. The event was graced by the college director Prof. (Dr.) Dheeraj Gupta, Head of the IT Department, Prof. Vikas Singhal, Head CPRC, Dr. Shivani Dubey and esteemed faculty members to showcase the remarkable achievements of young innovators.

Under the visionary leadership of the College Management, Director who have consistently emphasized the importance of fostering innovation, the CPRC Department has flourished, nurturing a culture of creativity and technological advancement by guiding and inspiring the students towards success.

The award ceremony served as a platform to recognize the relentless pursuit of excellence by the students for their 4 outstanding patents. Their patents, which stood as testaments to their innovative spirit and dedication, were celebrated and acknowledged during the event.

As each student stepped forward to receive their certificates, the audience erupted in applause, acknowledging their transformative inventions. These patents, a culmination of tireless research, experimentation, and determination, have the potential to shape the future of technology.

The faculty members who guided the students were commended by the director for their pivotal role in nurturing the students' intellectual curiosity and guiding them throughout their journey.

The ceremony concluded with a resounding message of pride and hope. The college director reiterated his commitment to fostering an environment that
