- It has been observed that availability of reference books is little bit low as compared to others parameters. So we provide soft copy of books and some other books for student reference in this course.
- It is also observed that ability of the curriculum to start entrepreneurship is low. So we involve more practical knowledge to the student with project work.

**Action Taken:**

- It has been observed that availability of reference books is little bit low as compared to others parameters. So we provide soft copy of books and some other books for student reference in this course.
- It is also observed that ability of the curriculum to start entrepreneurship is low. So we involve more practical knowledge to the student with project work.
- We also include question related to various competitive program with implementation so that student get fare chance if they want to go for higher education.

### Overview:

Java programming language is developed by Sun Microsystems. Java is object oriented, platform independent, simple, secure, architectural-neutral, portable, robust, multi-threaded, high performance, distributed and dynamic. It can be used to develop software and applets. A Java program can run on various operating systems without rewriting the code. And this is possible because of java run-time environment which tells the operating system what to do by interpreting the java code.

### Objective:

- To become familiar with the features of Java Language
- To discover how to write Java code according to Object-Oriented Programming principles.
- To become comfortable with concepts such as Classes, Objects, Inheritance, Polymorphism and Interfaces

### Course Outcomes:

At the end of this course students will -

**Section B****Marks 2\*10=20****Attempt any two Questions.**

- Q1. Java program to implement a calculator to do basic operations
- Q2. Write a function in Java which accepts two integer numbers (Assume that both numbers are  $\geq 0$ ) as arguments and adding both numbers from right to left one digit at a time. Function should return the number of times carries are being generated while adding digits of two numbers.

Example: Input:  
Number1: 675  
Number2: 126

Output:  
2

Explanation:

$5+6 = 11 \Rightarrow$  carry 1  
 $7+2+1(\text{carry}) = 10 \Rightarrow$  carry = 1  
 $6+1+1(\text{carry}) = 8 \Rightarrow$  No Carry (In addition of above numbers total two times carries are generated)

- Q3. Write program to generate a password which is the sum of all palindrome numbers between two given numbers.

Example:  
Input: 10, 80  
Output: 308

Explanation:

All palindrome numbers between 10 and 80 are: 11, 22, 33, 44, 55, 66, 77  
Password =  $11 + 22 + 33 + 44 + 55 + 66 + 77 = 308$

Few commendable students who display staunchness and diligence towards the course, are awarded with 'Certificate of Appreciation' in different categories including, *Student of Year, Student of Semester, Prime Presence, Mr. & Ms. Classy.*

Foundation Learner course has diversified topics to enhance:

- Vocabulary

> **Soft Skills that include:**

- Self – Introspection,

## **Evaluation & Feedback:**

Written assessments are taken periodically to ensure seriousness of students in the modules. Speaking exercises are done by students to make them overcome their stage-fear and hesitation. The major objective of CSDC training is to boost confidence in every student who is a part of it. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

# SUMMARY REPORT

**Name of the Program: Corporate Transition Learner Certification**

**Course: B.Tech. (All Branches)**

**Semester: 3<sup>rd</sup> Year 5<sup>th</sup> Semester (2020-21)**

**Duration: 30 Hours**

CSDC plays a very significant role in 3<sup>rd</sup> Yr, 5<sup>th</sup> semester. While in second year CSDC focuses on building the basic foundation or communication skills in general and spoken English in particular, modules for the third year focus mainly on grooming students on the Soft skill part of their personality. These skills are helpful in acclimatising oneself in the corporate environment. This is a very important initiative for the learning of the students as it provides the basic behavioural concrete to them.

The certification is known as 'Corporate Transition Learner Certification', which is provided to every student in addition to their academic certifications. Transition Learner has its very informative Module, which includes:

➤ Soft Skills expertise in:

- How to give a professional self-introduction
- Verbal/Non-verbal communication skills (Body Language)/ Para-Verbal communication
- Professional Attire / Power Dressing
- Etiquettes
- Social Etiquettes
- Business Etiquettes
- Digital/Telephonic Etiquettes
- Email Etiquettes

## **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

# SUMMARY REPORT

**Name of the Program: Corporate Foundation Expert Certification**

**Course: B.Tech. (All Branches)**

**Semester: 2<sup>nd</sup> Year 4<sup>th</sup> Semester (2020-21)**

**Duration: 30 Hours**

For the even semester CSDC provides the certification of 'Corporate Foundation Expert' for students of B.Tech. 2<sup>nd</sup> year even semester across all branches. Students showed dedication and commitment towards the program and were awarded with 'Certificate of Completion'.

Many outstanding students were awarded A+/A grades for their meticulous progress. 'Certificate of Appreciation' was also awarded to some phenomenal students in the category of *Student of Year, Student of Semester, Mr. & Ms. Classy, and Prime Presence*.

The aim of this course is to provide value addition to the students as far as communication skills or spoken English is concerned. The course reinforces the grammar concepts into the minds of the students, thereby aiming to eliminate the mistakes committed by them in its usage. The course has an interesting and useful module including activities and worksheets along with revision of theory.

This is useful for the students not only in their Group Discussion and Personal Interview stage but also for the verbal assessment of company entrance exams for corporate selection processes.

The following topics are broadly covered here-

- > **Language Skills include:**
  - Professional Comprehensive Skills
  - Punctuation & Capitalisation
  - Tips for Effective Reading
  - Reading with Expressions
  - Tips for Effective Writing
  - Formal Letter Writing
  - Application Writing
  - Ways to Initiate Conversation
  - Asking Questions/ Opinions
  - Voice & Accent
  - English for Everyday living
  - Advance Vocabulary
  
- > **Soft Skills include:**
  - Team Building,
  - Perception of Human Conduct

### **Evaluation & Feedback:**

Written assessments are taken periodically to ensure seriousness of students in the modules. Speaking exercises are done by students to make them overcome their stage fear and hesitation. The major objective of CSDC training is to boost confidence in every student who is a part of it. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

# SUMMARY REPORT

**Name of the Program: Corporate Transition Expert Certification**

**Course: B.Tech. (All Branches)**

**Semester: 3<sup>rd</sup> Year 6<sup>th</sup> Semester (2020-21)**

**Duration: 30 Hours**

CSDC announces a very beneficial training with certification called Transition Expert for all the B.Tech branches of 3<sup>rd</sup> year. CSDC introduces modules for training students on stage management, effective communication, effective presentation skills, how to make a PPT(Lab) and creative presentation delivery.

Apart from this the students are trained on facing GDs and interviews. This module is extremely important as it helps the student gain confidence on facing the above.

Transition Expert has an essential Module, which includes Soft Skill knowledge about:

- Affirmative Transformation
- Presentation Skills
- Resume Writing
- Know How of Group Discussion
- Basic Interview Skills

With the training of CSDC, students get prepared, focused and confident for their placements

## **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

**Duration: 30 Hours**

CSDC plays a very significant role in 2<sup>nd</sup> Yr, 3<sup>rd</sup> semester. CSDC modules focus mainly on grooming students on the Soft skill part of their personality. These skills are helpful in acclimatising oneself in the corporate environment. This is a very important initiative for the learning of the students as it provides the basic behavioural concrete to them.

The certification is known as 'Corporate Progression Learner Certification', which is provided to every student in addition to their academic certifications. Progression Learner has its very informative Module, which includes:

➤ Soft Skills expertise in:

- How to give a professional Self-Introduction
- Verbal/Non-verbal communication skills (Body Language)/ Para-Verbal communication
- Professional Attire / Power Dressing
- Etiquettes
- Social Etiquettes
- Business Etiquettes
- Digital/Telephonic Etiquettes
- Email Etiquettes

## **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

## **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

## SUMMARY REPORT

**Name of the Program: Corporate Progression Expert Certification**

**Course: MCA**

**Semester: 2<sup>nd</sup> Yr 4<sup>th</sup> Sem (2020-21)**

**Duration: 30 Hours**

CSDC announces a very beneficial training with certification called 'Progression Expert' for all the MCA 2<sup>nd</sup> Yr 4<sup>th</sup> Sem. CSDC introduces modules for training students on stage management, effective communication, effective presentation skills, how to make a PPT and creative presentation delivery.

Apart from this the students are trained on facing GDs and interviews. This module is extremely important as it helps the student gain confidence on facing the above.

Progression Expert has an essential module, which includes Soft Skill knowledge about:

- Affirmative Transformation
- Presentation Skills
- Resume Writing
- Know How of Group Discussion
- Basic Interview Skills

With the training of CSDC, students get prepared, focused and confident for their placements.

### **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

- Basic Interview Skills

With the training of CSDC, students get prepared, focused and confident for their placements.

## **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

CSDC, therefore plays a vital role in preparing the students for inhaling best career options for themselves.

### **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

CSDC, therefore, plays a vital role in preparing the students for inhaling best career options for themselves.

### **Evaluation & Feedback:**

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).
