Foundation Learner course has diversified topics to enhance:

- Tenses
- Sentence Formation and
- Vocabulary

➤ **Soft Skills that include:**

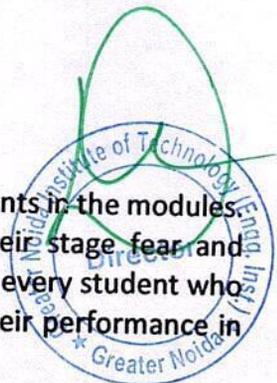

- Self – Introspection,
- Effective Planning and
- Task Scheduling

Evaluation & Feedback:

Written assessments are taken periodically to ensure seriousness of students in the modules. Speaking exercises are done by students to make them overcome their stage fear and hesitation. The major objective of CSDC training is to boost confidence in every student who is a part of it. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

SUMMARY REPORT

Name of the Program: Corporate Transition Expert Certification

Course: B.Tech. (All Branches)

Semester: 3rd Year 6th Semester (2017-18)

Duration: 30 Hours

CSDC announces a very beneficial training with certification called Transition Expert for all the B.Tech branches of 3rd year. CSDC introduces modules for training students on stage management, effective communication, effective presentation skills, how to make a PPT(Lab) and creative presentation delivery.

Apart from this the students are trained on facing GDs and interviews. This module is extremely important as it helps the student gain confidence on facing the above.

Transition Expert has an essential Module, which includes Soft Skill knowledge about:

- Affirmative Transformation
- Presentation Skills
- Resume Writing
- Know How of Group Discussion
- Basic Interview Skills

With the training of CSDC, students get prepared, focused and confident for their placements

Evaluation & Feedback:

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

Evaluation & Feedback:

Written assessments are taken periodically to ensure seriousness of students in the modules. Speaking exercises are done by students to make them overcome their stage fear and hesitation. The major objective of CSDC training is to boost confidence in every student who is a part of it. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

Action Taken:

- It has been observed that the curriculum's ability to start entrepreneurship and quality of teaching are slightly lower than others. So, the syllabus could enhance entrepreneurship skills in students and teaching can be enhanced by providing professional training to the trainer on specific subjects that meets the requirement of the current industry.
- From a job perspective, this course is much needed by students.
- The week students have been assigned to work on additional assignments.*

SUMMARY REPORT

Name of the Program: Corporate Progression Learner Certification

Course: MCA

Semester: 2nd Yr 3rd Sem (2017-18)

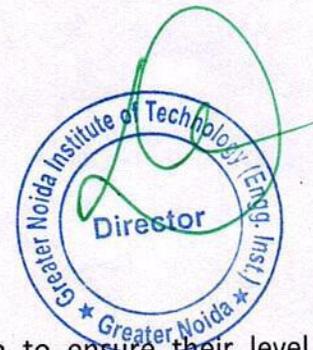

Duration: 30 Hours

CSDC plays a very significant role in 2nd Yr, 3rd semester. CSDC modules focus mainly on grooming students on the Soft skill part of their personality. These skills are helpful in acclimatising oneself in the corporate environment. This is a very important initiative for the learning of the students as it provides the basic behavioural concrete to them.

The certification is known as 'Corporate Progression Learner Certification', which is provided to every student in addition to their academic certifications. Progression Learner has its very informative Module, which includes:

➤ Soft Skills expertise in:

- How to give a professional Self-Introduction
- Verbal/Non-verbal communication skills (Body Language)/ Para-Verbal communication
- Professional Attire / Power Dressing
- Etiquettes
- Social Etiquettes
- Business Etiquettes
- Digital/Telephonic Etiquettes
- Email Etiquettes

Evaluation & Feedback:

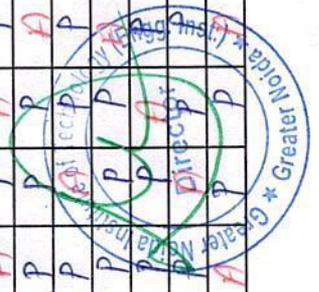

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).

- Basic Interview Skills

With the training of CSDC, students get prepared, focused and confident for their placements.

Evaluation & Feedback:

Periodic Assessments are taken as a part of their curriculum to ensure their level of involvement for the program. The sessions provide a mix of theory with examples from practical life and presentations, role plays and other activities mapped with the modules. The students taking CSDC training are graded based on their performance in Attendance, Assignments and Module Tests.

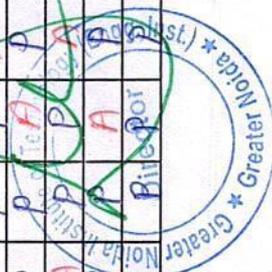

As we are well aware that feedback is one of the major components of any Training & Development system and so, we believe in a transparent feedback methodology for the overall enrichment in the Training & Development pedagogies.

We design a feedback form on different parameters including Communication Skills, Organizational Skills, Presentation Skills, and Facilitation Skills. These forms are circulated across all branches keeping it anonymous to encourage a fair feedback system both online/offline (whichever applicable).
