उपहार से बच्चों के चेहरे पर आई मुस्कान

रोशनी कार्यक्रम के दौरान बच्चों को उपहार देते कालेज के चेयरमैन राजेश गुप्ता • सौ. कालेज प्रबंधन

जासं, ग्रेटर नोएडा : नालेज पार्क स्थित जीएनआईओटी कालेज प्रबंधन ने गरीब परिवार के बच्चों के साथ दीपावली की खुशियां साझा की। बच्चों में उपहार व मिठाई वितरित की। साथ ही उनसे प्रदूषण रहित दीपावली मनाने की अपील की। उपहार पाकर बच्चों के चेहरे पर मुस्कान थिरक गई। दीपावली पर्व पर एक-दूसरे को उपहार देने का चलन है। कालेज में पिछले लंबे समय से उपहार देकर दीपावली की खुशियां गरीब बच्चों के

साथ साझा की जाती है। कालेज में रोशनी पर्व का आयोजन कर आस-पास के गरीब परिवार के बच्चों को बुलाकर उन्हें पाठ्य सामग्रियों के साथ ही मिठाई आदि उपहार दिया गया। कालेज के चेयरमैन राजेश गुप्ता ने कहा कि त्योहार की असली खुशी तब है, जब किसी दूसरे के चेहरे पर खुशी ला सके। इस अवसर पर कालेज के निदेशक डॉ. राजेश गोयल, डॉ. धीरज गुप्ता, स्वदेश कुमार सिंह आदि लोग मौजूद थे।

मुख्यमंत्री योगी से मिलकर तकनीकी शिक्षा व स्किल डेवलपमेन्ट पर की चर्चा

ग्रेटर नोएडा, 16 दिसम्बर (देशबन्धु)। जीएनआईओटी कालेज के चेयरमैन राजेश कुमार गुप्ता ने अशोक प्रधान, पूर्व केंद्रीय मंत्री भारत सरकार

के साथ उत्तर प्रदेश के मुख्यमंत्री योगी आदित्यनाथ से उनके आवास पर लखनऊ में मुलाकात की और कोविड-19 महामारी से निपटने के लिए उनके अथक और अभूतपूर्व सफल प्रयास के लिए उनको बहुत

बधाई दी तथा आभार व्यक्त किया। साथ ही उत्तर प्रदेश में उनके द्वारा किये जा रहे चौतरफा विकास कार्यों के लिए आभार व्यक्त किया। तथा तकनीकी शिक्षा क्षेत्र में स्किल डेवलपमेंट पर हो रहे विभिन्न योजनाओं पर चर्चा की। साथ ही जीएनओटी कॉलेज द्वारा शिक्षा संस्था के रूप में अपने दायित्व निर्वहन की प्रतिबद्धता का वचन दिया। जीएनआईओटी के चेयरमैन राजेश गुप्ता ने बताया कि प्रदेश सरकार तकनीकी शिक्षा व स्किल डेवलपमेन्ट योजनाओं से युवाओं को रोजगार प्रदान कर रही है।

नौकरी पाने में ओपन सोर्स सॉफ्टवेयर की महत्ता पर वेबिनार का आयोजन

ग्रेटर नोएडा। जीएनआईओटी ग्रुप ऑफ इंस्टीट्यूशन, ग्रेटर नोएडा के सूचना प्रौद्योगिकी विभाग द्वारा नौकरी पाने में ओपन सोर्स सॉफ्टवेयर की महत्ता विषय पर एक वेबिनार का आयोजित किया गया। संस्थान के निदेशक डॉ. राजेश गोयल ने ओपन सोर्स लर्निंग पर अपने ओजस्वी विचारों को साझा करते हुए कार्यक्रम का शुभारंभ किया। सूचना प्रौद्योगिकी विभाग के विभागाध्यक्ष, डॉ. रामवीर सिंह ने गणमान्य व्यक्तियों, अतिथि और प्रतिभागियों का स्वागत करते हुए शिक्षा में ओपन सोर्स सॉफ्टवेयर के महत्त्व और लाभों पर प्रकाश डाला।

पहल

26 और 27 फरवरी को निरीक्षण पर रहेगी यूजीसी की टीम

एकेटीयू को मिलेगा 12बी, बढ़ेगी पढ़ाई की गुणवत्ता और फंडिंग

अमर उजाला ब्यूरो

लखनऊ। डॉ. एपीजे अब्दुल कलाम प्राथमिक विश्वविद्यालय (एकेटीयू) ने आवासीय विश्वविद्यालय बनने व घटक संस्थान के कोर्सों का एमबीए करने के साथ ही 12बी की कवायद भी शुरू कर दी है। इसके लिए यूजीसी की टीम 26 और 27 फरवरी को निरीक्षण के लिए विश्वविद्यालय आएगी। 12बी मिलने से एकेटीयू में पढ़ाई की गुणवत्ता सुधरेगी और विश्वविद्यालय व उसके सहयोगी संस्थानों को यूजीसी ग्रांट पाने में आसानी होगी।

ज्ञानकीपूरम विस्तार परिसर में 20 जून 2017 शिफ्ट होने के बाद विश्वविद्यालय ने 2018 में लखनऊ कैम्पस में सेंटर फॉर

क्या है 12 बी

प्रो. विनीत कंसल ने बताया कि यूजीसी से मिलने वाली किसी भी फंडिंग व परामर्शात्मक कोर्सों के संचालन के लिए 12-बी जरूरी है। मैत्र-माहिनर रिसर्च ग्रांट, रीबल ग्रांट, विदेश में शोध कार्यों के लिए आर्थिक सहयोग प्राप्त करने में आसानी होगी। वही विद्यार्थियों के लिए विभिन्न छात्रवृत्ति व आर्थिक सहयोग प्राप्त करने में भी आसानी होगी।

पटवॉस स्टडीज व नोएडा कैम्पस में यूपीआईटी की शुरुआत की। विश्वविद्यालय ने शैक्षिक व गैर शैक्षिक पदों पर भर्तियां की और छात्रावास का निर्माण कराया है। पूरी तरह से आवासीय

आवेदन 29 तक

एकेटीयू ने मा.सत्र 2020-21 में नए संस्थान शुरू करने, संबद्धता विस्तार, संस्थान बंद करने, पीजीडीएम पाठ्यक्रम को एमबीए में बदलने, प्रवेश क्षमता में वृद्धि, अतिरिक्त पाठ्यक्रमों में वृद्धि, पाठ्यक्रम बंद करने, प्रवेश क्षमता कम करने के लिए ऑनलाइन आवेदन की तारीख 29 फरवरी तक बढ़ा दी है। इसके बाद आवेदन नहीं किए जाएंगे।

विश्वविद्यालय बनने के बाद घटक संस्थान आईटी के कोर्सों को एमबीए भी दिलाने की कवायद पूरी की।

इसके बाद यूजीसी में 12-बी के लिए आवेदन किया है। इन दिनों एकेटीयू के

बीटेक-एमबीए के परीक्षा परिणाम जारी

लखनऊ। डॉ. एपीजे अब्दुल कलाम प्राथमिक विश्वविद्यालय (एकेटीयू) ने मा.सत्र 2019-20 की दिसंबर सत्र परीक्षा के बीटेक व एमबीए कोर्सों के परिणाम जारी कर दिए हैं। वही फॉस न जमा करने वाले लगभग 750 विद्यार्थियों व 90 कलियों का इनकी लागीट्यूट-लेटीट्यूट संबंधित जानकारी न उपलब्ध कराने के कारण विश्वविद्यालय ने परीक्षा परिणाम रोक दिया है। विश्वविद्यालय की ओर से परीक्षाएं इस बार थोड़ी लंबी चिन्नी। जिसकी वजह से परीक्षा परिणाम थोड़ा देरी से तैयार हुआ। परीक्षा निरीक्षक प्रो. राजीव कुमार ने बताया कि बीटेक पहले, दूसरे व चौथे वर्षों और एमबीए पहले व दूसरे सत्र परीक्षा परिणाम जारी कर दिए गए हैं। बीटेक तीसरे वर्ष, एमबीए, आर्किटेक्चर व फार्मसी के परिणाम बन रहे हैं। धुन

साथ ही आईईटी, फेकल्टी ऑफ आर्किटेक्चर, सेंटर फॉर एडवेंस स्टडीज और यूपीआईटी नोएडा में टीम के निरीक्षण संबंधी तैयारियां जारी पर चल रही हैं। टीम यहां पर इंफ्रास्ट्रक्चर, कक्षा, लैब, जगह,

खेलकूद सुविधाओं व आउटडोर एक्टिविटी और फेकल्टी के बारे में जानकारी प्राप्त करेगी। प्रति कुलपति प्रो. विनीत कंसल ने कहा कि हम इस विचार के लिए पूरी तरह से तैयार हैं।

पूरी नीड लें, सोशल मीडिया से दूरी बनाकर दूर करें तनाव : डॉ. राजेश

जीएनआईओटी कॉलेज में अपराजिता के तहत छात्राओं को दिए गए टिप्स

माई मिटी रिपोर्टर

ग्रेटर नोएडा। छह से सात घंटे की पूरी तरह से सोशल मीडिया का कम से कम उपयोग कर तनाव से दूर रहना जरूरी है। नॉलिन फार्म-2 स्थित जीएनआईओटी कॉलेज में अमर उजाला के अपराजिता कार्यक्रम के तहत छात्राओं को तनाव दूर करने के लिए स्ट्रेस मैनेजमेंट थियोरेटिशियन डॉ. राजेश राणा और उनकी टीम ने टिप्स दिए।

28 जनवरी से एमबीए सत्र अंत्य दिवस से शुरू होने वाली परीक्षाओं के महत्त्वपूर्ण विद्यार्थियों का तनाव दूर भंगाने के लिए उन्हें सलाह दी गई। इस दौरान डॉ. राजेश ने कहा कि अपनी परेशानी को व डिप्रेशन अधिभावकों से बचने और दूर रखें। जिस भी चीज में आपको दिक्कत है उसे कागज पर लिखकर

जीएनआईओटी कॉलेज में आयोजित कार्यक्रमों में सयात पूरती छात्रा।

उसे बार-बार पढ़कर हमना चाहिए। कुछ तरह से आपका सत्र प्रतिक्रिया देना शुरू कर दें। टाइम मैनेजमेंट होने से भी तनाव काफी कम होगा।

- ### इन्हें भी आजमाएं
- दूसरी को माफ करना सीखें, इसमें तनाव खत्म होगा।
 - कपड़ा और टैग्स साफ-सुथरा और व्यवस्थित होना चाहिए।
 - सोशल मीडिया का प्रयोग कम से कम करना चाहिए।
 - परीक्षा के दिनों में तंदी से सोना चाहिए और रात, ध्यान, ध्यान करना।
 - परीक्षा के दिनों में सुपूर (चीनी) को पाना कम करें।
 - धूप में कुछ देर जमना बिताएं, इससे कक्षात्मक तनाव कम होगा। परीक्षा के दिनों में तंदी से सोना चाहिए।
 - सोचें सून, पोराली बानी बानी को भूल जाएं, तनाव ही से टहलने लगे, योग, श्रमण करें।

परीक्षा में तनाव दूर करने के लिए डॉ. राजेश राणा ने छात्राओं को टिप्स दिए।

परीक्षा भी अंतर्गत होगी - विभा, छात्र

तनाव दूर करने की सलाह डॉ. राजेश राणा ने दी।

दूसरी को भी माफ करने से तनाव कम होगा।

दोसरी काफ़रतका लोदी लोदी काटिए - चेतन, छात्र

अपराजिता कार्यक्रम के तहत परीक्षाओं के तनाव दूर करने के लिए डॉ. राजेश राणा ने छात्राओं को टिप्स दिए।

पूरी नीड लें, सोशल मीडिया से दूरी बनाकर दूर करें तनाव - डॉ. राजेश राणा

अपराजिता कार्यक्रम के तहत परीक्षाओं के तनाव दूर करने के लिए डॉ. राजेश राणा ने छात्राओं को टिप्स दिए।

उन्हें आर्थिक सहायता बढ़ाने और कुछ कर चुकाने की सलाह मिली है। - डॉ. सविता मोहन निदेशक प्रबंधन कॉलेज

श्रीहरि कुंभ में जीएनआईओटी के विद्यार्थियों ने लिया हिस्सा, दी सांस्कृतिक प्रस्तुति

45

ग्रेटर नोएडा, 23 फरवरी (देशबन्धु)। जीएनआईओटी संस्थान के प्रौद्योगिकी एवं प्रबंधन के लगभग 200 विद्यार्थियों ने दिल्ली के इन्दिरा गांधी स्टेडियम में

वनवासी रक्षा परिवार फाउंडेशन द्वारा आयोजित हरि कुंभ 2020 में शिक्षित, संस्कारित, स्वस्थ एवं स्वावलंबी भारत निर्माण के कार्यक्रम में हिस्सा लिया। शिक्षकों ने साथ रहकर छात्र छात्राओं का सहयोग और मार्गदर्शन किया। कार्यक्रम में विभिन्न सांस्कृतिक झांकियों द्वारा भारतीयता को एकता के सूत्र में पिरोते हुए समर्थ भारत, एक भारत का संदेश दिया। सभी छात्र छात्राओं ने पूरे उत्साह एवं ऊर्जा के साथ सांस्कृतिक कार्यक्रम का आनंद लेते हुए समाज के विभिन्न पहलुओं को समझा। संस्थान के निदेशक डॉ. राजेश गोयल ने विद्यार्थियों के सांस्कृतिक कार्यक्रम में हिस्सा लेने पर प्रसन्नता प्रकट करते हुए बधाई और शुभकामनाएं दी।

NOTICE

GNIOT/CE/2020/002

Date: 01/01/2020

Civil Engineering Department is organizing a visit on “**AWARENESS PROGRAM ON VERMICOMPOSTING PITS IN JUNPAT VILLAGE**” activity on 03th January 2020. The objective of this event is for enhance crop yield by using organic compost made using the vermicomposting technique. This will also help to minimize organic waste in the village.

Venue: Village Junpat

Date & Time: 03rd January 2020 at 10:00 AM

Event Coordinator: Mr. Shashikant

Resources required: Car for Transport, Camera, faculty members, water bottle.

IN JUNPAT VILLAGE”**

03 Jan 2020

Organized by

**Department of Civil Engineering
Greater Noida Institute of Technology, Greater Noida**

Name of Event: AWARENESS PROGRAM ON VERMICOMPOSTING PITS IN JUNPAT VILLAGE

Caption: Good Crop Yield and Better environment

Date of Event: Friday, 03rd January, 2020

Venue: Junpat Village, Greater Noida

Organised by: Department of Civil Engineering

TALK ON VERMICOMPOSTING PITS IN JUNPAT VILLAGE

Vermicomposting for the biodegradable waste produced at vicinity of Junpat village. The villagers were being educated towards the benefit of vermicomposting and to design the vermicomposting pits to ensure proper utilisation of the energy obtained while decomposing the organic and biodegradable, which can be installed at various village site in Greater Noida. Vermicomposting helps to meet the nutrients required for plants and flower at the garden. The vermicomposting helps to all the biodegradable waste is properly disposed, as well as to provide low cost manure for crop cultivation.

Figure: Crop yield survey by Mr. Neshar in crop grown using vermicomposting.

The organic content of Municipal Solid Waste (MSW) tends to decompose leading to various smell and odour problems. It also leads to pollution of the environment. To ensure a safe disposal of the MSW it is desirable to reduce its pollution potential and several processing methods are proposed for this purpose.

Composting process is quite commonly used and results in production of a stable product - compost which depending upon its quality can be used as a low-grade manure and soil

conditioner. The process results in conservation of natural resources and is an important processing method, especially in agricultural and horticultural areas.

Decomposition and stabilisation of organic waste matter is a natural phenomenon. Composting is an organised method of producing compost manure by adopting this natural phenomenon. Compost is particularly useful as an organic manure which contains plant nutrients (Nitrogen, Phosphorous and Potassium) as well as micro nutrients which can be utilized for the growth of plants. When used in conjunction with chemical fertilisers optimum results are

obtained.

Composting can be carried out in two ways i.e., aerobically and anaerobically. During aerobic composting aerobic micro-organisms oxidise organic compounds to Carbon di oxide, Nitrite and Nitrate. Carbon from organic compounds is used as a source of energy while nitrogen is recycled. Due to exothermic reaction, temperature of the mass rises. During anaerobic process, the anaerobic microorganisms, while metabolising the nutrients, break down the organic compounds through a process of reduction. A very small amount of energy is released during the process and the temperature of composting mass does not rise much. The gases evolved are mainly Methane and Carbon di oxide.

An anaerobic process is a reduction process and the final product is subjected to some minor oxidation when applied to land.

Approach to vermicomposting

Selection of Site: -The site should be flat and should not be liable to flooding. It should be readily approachable but slightly away from a main road to avoid any nuisance to the traffic in the event of the plant not operating properly. The approach road should be sufficiently wide so that the traffic is not obstructed in the event of breakdown of incoming Municipal Solid Waste trucks. The areas where compost is to be supplied should be near the site and should be easily accessible. A site for disposal of non-compostable should be available near the compost plant site.

Trees planted along the periphery of the site will serve partly as a barrier against the noise and odour from the plant and also help in litter control by reducing the wind speed. The trees will also protect the plant from dust and pollutants due to the highway

Over the period of time the problem of disposal of solid waste is increasing with the urbanisation and industrialization. Many methods are derived to treat organic solid waste but the most effective method is vermicomposting. Traditional methods like thermal treatments and landfilling methods provide instant result but it creates adverse effects on surrounding environment. Vermicomposting is an efficient way where organic waste is decomposed naturally by using earthworms. This method overcomes the ill effects of the traditional methods and also it is widely practiced these days. In this paper, two types of earthworms are used to treat the waste along with whey powder which acts as a culture for the earthworms and various parameters affecting the vermicomposting method are considered for obtaining maximum efficiency.

In biological waste treatment, composting and anaerobic digestion are two main methods. Composting is the decomposition of organic matter by the action of micro-organisms. Composting techniques are vessel composting, windrow composting, vermicomposting and static pile composting. Anaerobic digestion is the process in which decomposition of organic waste in the absence of oxygen.

FACTORS AFFECTING VERMICOMPOSTING

1. Carbon-to-Nitrogen Ratios: Carbon can be considered the food and nitrogen the digestive enzymes.
2. pH: pH is required for earthworms to survive. It is unsuitable for worms if it is too acidic or too alkaline. pH value should be between 6.0 and 8.0.
3. Moisture: Microorganisms require aeration for survival and proper functioning and so the compost pile should have a moisture content of 40-60 percent.

Summary of the event:

- Organic farming is promoted
- Health lifestyle with no pollution
- Minimizes soil and water pollution

Department of MCA

Blood Donation Camp (6th Jan, 2020)

"It is not possible to buy someone's life with money, but you can save someone's life by donating blood to him"

A blood service that provides patients with safe blood in sufficient quantity is a crucial component of an effective health system. Every year, the global theme of World Blood Donor Day changes to honor the selfless individuals who donate their blood to people they don't even know.

Department of MCA participated in blood donation camp organized by GNIOT GRUOU OF INSTITUTIONS, GREATER NOIDA association with AIIMS, New Delhi and GIMS, Greater Noida and. There were more than 200 units of blood mobilized during the camp by different courses. The fitness of donors for donation was checked by the team of competent doctors and under arrangements for safe and hygienic blood donation. This event successfully executed in the presence of Honorable Chairman Dr. Rajesh Gupta, Honorable vice Chairman ShriGaurav Gupta and respected director Dr. Dhiraj Gupta.

Outcome of the Event:

Blood donation camps are organized with the purpose of supplying blood to the blood banks for the need of patients suffering from cancer, hemophilia, and thalassemia or accident victims.

An event on

"Plantation Drive"

*09 January 2020
(10:30 AM To 12:30 PM)*

PROGRAMME REPORT

Organized by

**Department of Information Technology in Association with IIC
Greater Noida Institute of Technology (GNIOT)**

(An Initiative of Ministry of Education, Govt. of India)

Knowledge park-II, Greater Noida- 201308

www.gniot.net.in

EVENT TITLE:

“Plantation Drive”

PARTICIPANTS:

Third Year and Second Year IT Engineering Students & Faculty members.

OBJECTIVES:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

Coordinator of the Event: Ms. Uma Tomar

REPORT:

"Plant a tree and see it grow; so you can enjoy the cool breeze flow."

The Department of Information Technology was fortunate to get an opportunity to celebrate the Plantation Drive and spread awareness regarding the tree plantation in village “Rampur Khadar” (village adopted by GNIOT) on 09/01/2020.

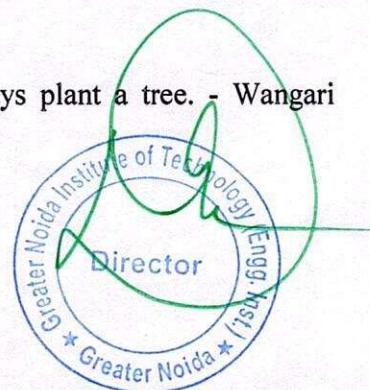

Objective of this drive was:

- To plant trees as Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment.
- Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply.

Moderator of the event was Ms. Uma Tomar.

Other mentors, faculties, co-ordinators and students were present.

“That’s the way I do things when I want to celebrate, I always plant a tree. - Wangari Maathai”

The planting of a tree is a modest form of immortality and one of the few truly long-term expressions of hope to mortal human beings.

Few glimpse of event's are:

The session was very fruitful and interactive.

The outcome of the Program

1. The purpose of making people aware of the importance of planting trees and to assist them in doing so.
2. Planting saplings to invest in the future on tree plantation day.

Event Description: Ms. Moumita Sit, who is currently pursuing her post doctorate in the field of Structural Engineering from University of Portsmouth, England, visited GNIOT on her visit to India and gave a lecture on the "Design of Android Application for Curing and

Irrigation." The lecture aimed to introduce the audience to the importance of technology in agriculture and the design of an Android application for curing and irrigation.

Ms. Sit started the lecture by discussing the current challenges faced by farmers in curing and irrigation. She highlighted that farmers often face difficulty in deciding the appropriate time for curing and irrigation, and the lack of proper guidance results in significant crop loss.

To address this issue, Ms. Sit discussed the design of an Android application for curing and irrigation. The application is designed to provide farmers with real-time information about the appropriate time for curing and irrigation based on the soil moisture content and weather conditions. It also provides information about the best curing and irrigation practices, and the different types of crops suitable for each method.

Ms. Sit emphasized that the application is user-friendly and easy to use. It is designed to work on low-end smartphones, and it has a simple interface that allows farmers to access information easily. The application also allows farmers to upload photos of their crops, which can help in identifying diseases and pests.

Ms. Sit also discussed the various features of the application, including push notifications for reminders and alerts, data analytics for tracking crop health and growth, and a community forum where farmers can interact with each other and share their experiences.

In conclusion, Ms. Sit's lecture provided valuable insights into the importance of technology in agriculture and the design of an Android application for curing and irrigation. The lecture was informative and engaging, and it was well-received by the audience. The application has the potential to revolutionize the way farmers approach curing and irrigation, and it can help in reducing crop loss and improving crop yield.

Organized by

Department of MCA

PLANTATION DRIVE (2020)

“Trees exhale for us so that we can inhale them to stay alive. Can we ever forget that? Let us love trees with every breath we take until we perish.”

Trees are the most benevolent givers in nature. They play an extremely important role in giving life and sustaining it, as a whole, as well as maintaining a balance in the eco-system. This makes it crucial for us to understand how significant trees are to our life on earth and what we can do to counter the problem of their depleting numbers and all the additional challenges that come with it.

The Department of MCA has been organized the Tree Plantation Drive on 28th Feb 2020 at GNIOT GROUP OF INSTITUTIONS campus. Considering the concept of **“Plant a tree today for a better tomorrow”**, the drive has been executed in presence of respected director Dr. Dhiraj Gupta, Faculty members, Staffs and Students of MCA 1st Year and 2nd Year.

Outcome of the Event:

Participants were highly energetic to make the event a big success. A spirit of teamwork, exchange of ideas and enthusiasm of the participants especially among the students could be seen. The students and teachers planted saplings and fenced them and watered the plants

ACTIVITY REPORT

NAME OF EVENT:- "GROUP DISCUSSION" ON THE TOPIC " IMPACT OF COVID-19 PANDEMIC ON DAILY LIFE"

Date & Time of Event:- 27.02.2020 from 11:00 AM - 01:00 PM.

The Department of information technology (Greater noida institute of technology)has successfully conducted a session of "group discussion" on the topic " IMPACT OF COVID-19 PANDEMIC ON DAILY LIFE" for the third year students under the supervision of our Director Prof. Dr.Dhiraj Gupta, Head of Department prof. Dr. Ramveer Singh ,our guests supremely talented judges Mr.Sarvendra Singh and Mr. Nikhil Singh and faculty Coordinators and the cornerstone, the participants of this event. The impact that covid laid on our lives was discussed by our students ,the pros and cons that were noticed by them was also being discussed. The session was quite interacting and the students have grasped the basics of group discussion. This Event gave the students a glimpse of the needs for interviews.

OUTCOME OF THE EVENT

- To make people more sensitive and aware about their along with better services on eye care and treatment along with other facilities.
- Better health status in the community;
- Social awareness on social stigmas and the misconceptions:
- Positive impact on the family of health atmosphere;
- Beneficiaries will become health conscious as they will increase health seeking behavior.
- To implement child-to-child health education and hygiene programs that will improve knowledge and behaviors related to household practices and home hygiene through people-based-media and promoted by the mass media:
- To maximize the health care service available for children in the community:
- To improve the medical services unavailable for disabled children

The Yoga

(2nd March 2020)

Organized by

Department of MCA

HEALTH AWARENESS

“Yoga: A way of making you mentally, spiritually and physically sound”

Yoga is a discipline and meditation which needs to be practiced physically, mentally, and spiritually. It was originated in the ancient India however being practiced all over the world in many countries. Now-a-days, broad variety of Yoga is practiced by the students in many schools and colleges. It is the most important means of meditation for the people in Hinduism, Buddhism, Jainism and other religions.

With this thought **MCA department** participated in Yoga Session organized by **GNIOT GROUP OF INSTITUTIONS** for Faculties, Staffs and Students. We at GNIOT GROUP OF INSTITUTIONS believe that yoga is the incorporation of meditation and breathing can help improve a person's mental well-being. With this aim in mind, the event took place at GNIOT GROUP OF INSTITUTIONS play ground on 2nd March 2020.

Outcome of the Event:

Participants at the program were encouraged to incorporate healthy habits and also take various preventive measures so that in the upcoming times they can stay safe and sound. In addition, people present there are also spurred to boost up their daily nutrition intake. They are also given information on how to integrate and maintain hygiene in their lifestyle. This program is focused towards addressing issues of personal health care, vaccination, hygiene, and illness prevention

ACTIVITY REPORT

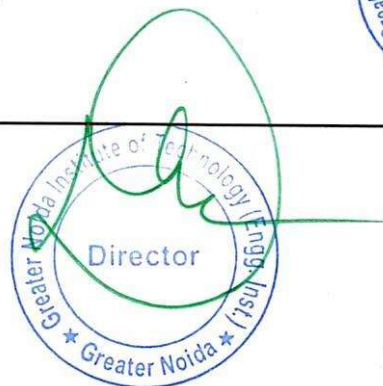

Plantation Drive

14th August 2020

Organized by

Mechanical Engineering Department

Date: 14th August 2020

Location: GNIOT and nearby locations

Organizers: Mechanical Engineering Department, GNIOT, Gr. Noida

Objective: To promote greenery and raise awareness about the importance of environmental conservation in GNIOT.

Activities:

- Plantation of saplings in the GNIOT campus.
- Distribution of saplings to volunteers for plantation in their own locality.
- Presentation on the importance of environmental conservation and the benefits of greenery.
- Inspection of the plantation sites and monitoring of the growth of the saplings.

Participants:

- Students, faculty & staff members of the Mechanical Engineering Department.

Outcomes:

- A total of 65 saplings were planted in the GNIOT campus.
- Approximately 50 saplings were distributed to volunteers for plantation in their own locality.
- The initiative helped to create awareness among the local community about the importance of environmental conservation & its benefits.
- The plantation sites were inspected and the growth of the saplings was monitored.

Conclusion: The plantation drive event organized by the Mechanical Engineering Department, GNIOT, Gr. Noida was a great success. It not only helped to promote greenery and environmental conservation but also created awareness among the local community about the importance of preserving our environment. This event was successfully organized under the guidance of our Director Prof. (Dr.) Rajesh Goel, Dean (A) Prof. (Dr.) Dhiraj Gupta HOD Mechanical Prof. (Dr.) M. S. Rawat, and other faculty members. The activity was coordinated by Mr. G. S. Bhati.

“Sanitizer Distribution in Rampur Bangar Village”

29 Sept 2020

Organized by

**Department of Civil Engineering
Greater Noida Institute of Technology, Greater Noida**

Dr. Anuranjan Mishra, in association with the Department of Civil Engineering, has distributed hand sanitizers to the residents of Rampur Bangar village in Greater Noida. The initiative was aimed at promoting awareness about hygiene and preventing the spread of COVID-19.

Distribution Drive:

The distribution drive was carried out in a systematic and organized manner. The team distributed hand sanitizers to the residents of Rampur Bangar village, keeping in mind all the necessary precautions and guidelines related to COVID-19. The team ensured that social distancing norms were maintained during the distribution drive. They also made sure that everyone wore masks and sanitized their hands before receiving the sanitizer.

Impact:

The distribution drive had a positive impact on the community. The residents were happy to receive the sanitizers and appreciated the efforts made by Dr. Anuranjan Mishra and the Department of Civil Engineering. The initiative helped in spreading awareness about the

ग्रेटर नोएडा इंस्टीट्यूट ऑफ टेक्नोलॉजी (इंजीनियरिंग इंस्टीट्यूट)
GREATER NOIDA INSTITUTE OF TECHNOLOGY (Engg. Institute)

importance of hygiene and sanitation in the community. The distribution drive also helped in promoting the use of hand sanitizers as a preventive measure against COVID-19.

Conclusion & Summary of the event:

The initiative taken by Dr. Anuranjan Mishra and the Department of Civil Engineering in distributing hand sanitizers to the residents of Rampur Bangar village was a commendable effort. It helped in promoting awareness about hygiene and sanitation in the community. Such initiatives are necessary to combat the spread of COVID-19 and ensure the well-being of the community.

The COVID-19 pandemic has brought about significant challenges to students pursuing their education in Civil Engineering. However, despite the difficulties posed by the pandemic, several opportunities for holistic development have emerged. Here are some ways in which Civil Engineering students can develop holistically during the pandemic:

Virtual learning: With the advent of online education, students can now attend virtual classes and participate in webinars and online workshops. This mode of learning provides opportunities for students to enhance their technical knowledge and stay updated with the latest trends in the field of Civil Engineering.

Self-paced learning: Students can utilize their free time to engage in self-paced learning by taking online courses and participating in online competitions. This will not only help in developing their technical skills but also improve their time management and organizational skills.

Research and development: The pandemic has created an opportunity for students to engage in research and development in Civil Engineering. With the increase in demand for sustainable and eco-friendly solutions, students can utilize their skills and knowledge to develop innovative and cost-effective solutions for the industry.

Entrepreneurship: The pandemic has also provided students with an opportunity to engage in entrepreneurship. With the rise in demand for startups in the field of Civil Engineering, students can utilize their knowledge and skills to develop innovative solutions and establish their own companies.

Soft skills development: Students can utilize their free time to develop their soft skills, such as communication, teamwork, and leadership, through online training programs, webinars, and workshops. These skills will not only enhance their employability but also improve their overall personality development.

(HOD-CE)**Conclusion of event:**

In conclusion, while the pandemic has presented several challenges to Civil Engineering students, it has also provided opportunities for holistic development. By taking advantage of these opportunities, students can enhance their technical knowledge, develop their soft skills, and prepare themselves for the post-pandemic world.

9th October 2020

Organized by

Electronics and Communication Engineering Department

Report on "Hygiene Maintenance" Conducted by Electronics and Communication Department in Kondlu Village: "Take care of your body. It's the only place you have to live."

The Electronics and Communication (ECE) Department organized a hygiene maintenance program on 9th October 2020 in Kondlu Village, with the aim of creating awareness about the importance of personal hygiene and sanitation practices for a healthy lifestyle. The program focused on the quote, "Take care of your body. It's the only place you have to live," highlighting the significance of maintaining good hygiene for overall well-being.

The event started with a presentation on various aspects of personal hygiene, including hand hygiene, oral hygiene, cleanliness, and sanitation. She emphasized the importance of maintaining good hygiene practices in our daily lives to prevent the spread of diseases and promote a healthy lifestyle.

Following the presentation, the participants, which included faculty members, students, and staff from the ECE Department, engaged in various interactive sessions and practical demonstrations related to hygiene maintenance. These included proper handwashing techniques, oral hygiene practices, proper waste disposal methods, and the importance of clean surroundings.

During the program, several participants shared their thoughts on the importance of hygiene maintenance in their lives. Here are some quotes from notable individuals:

1. Ms. Sonika Saini, a faculty member from the ECE Department, shared, "Personal hygiene is crucial in preventing the spread of infectious diseases, especially in times like these when hygiene has become even more important. It is our duty to educate ourselves and others about the significance of maintaining good hygiene practices."
2. Ms. Nandita Rai, a student from the ECE Department, said, "Good hygiene practices are essential for our physical and mental well-being. It is our responsibility to take care of our body and maintain proper hygiene to stay healthy and prevent the spread of diseases."
3. Mr. Harsh Deol, a student from the ECE Department, stated, "Hygiene maintenance is not just about personal cleanliness, but also about keeping our surroundings clean and promoting sanitation practices. It is important to create awareness and take actions to ensure a clean and healthy environment for ourselves and our community."

The program concluded with a pledge by all the participants to incorporate good hygiene

practices in their daily lives and spread awareness about the importance of hygiene maintenance in their communities. The event received positive feedback from the villagers of Kondlu, who appreciated the efforts of the ECE Department in promoting hygiene awareness and education.

World Sight Day

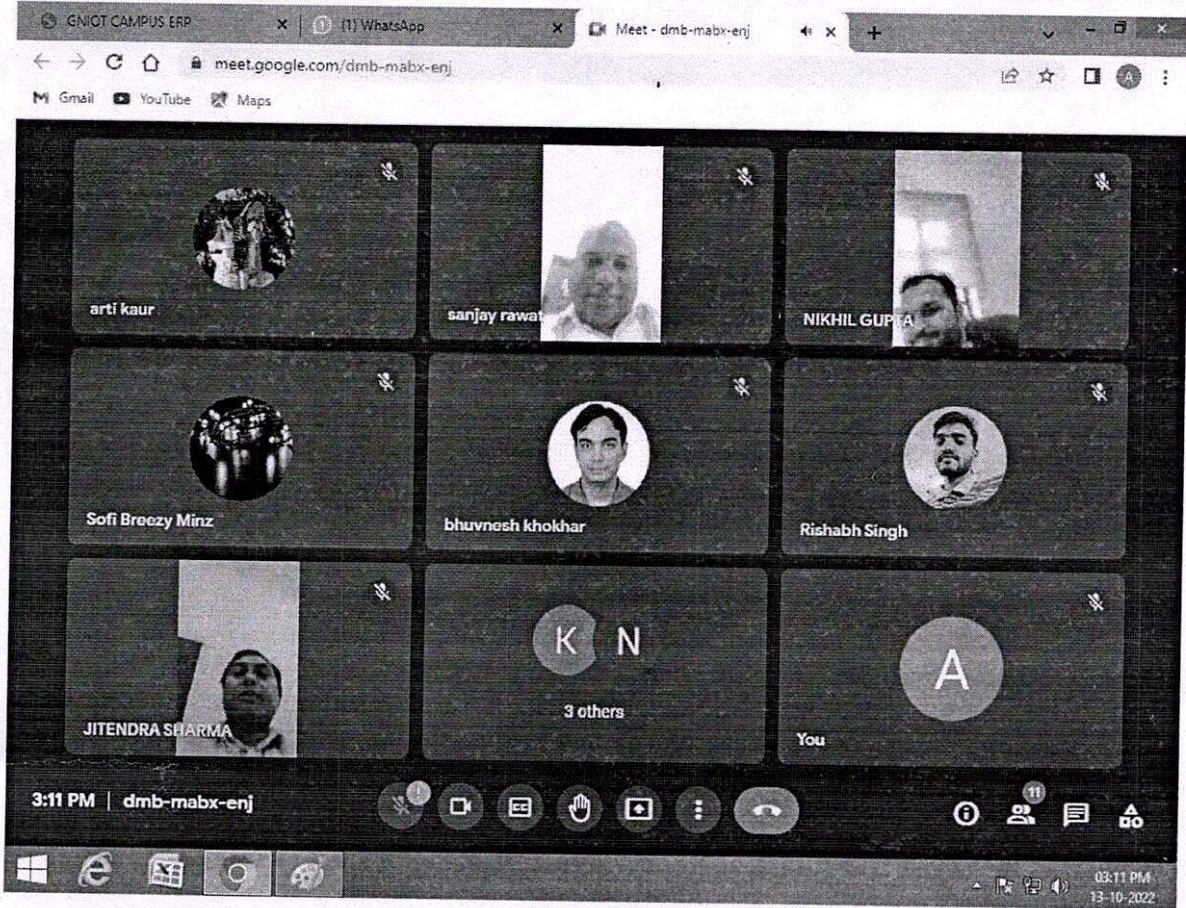

Date: 08.10.2020

World Sight Day is an International Day of Awareness, held annually on the second Thursday of October. This day is a reminder to you, to love your eyes. Eye health impacts education, employment, quality of life, poverty and so many other Sustainable Development Goals. The Electrical Engineering Department on 08.10.2020 conducted a webinar on the occasion of the World Sight Day. Dr. Neeraj Kumar, an ophthalmologist shared his valuable knowledge regarding how to take care of our eyes. Students of 3rd year and all the faculty members were a part of the webinar. Moderator of the event was Mr. BhuvneshKhokhar, Asst. Prof., EE dept.

Outcome:

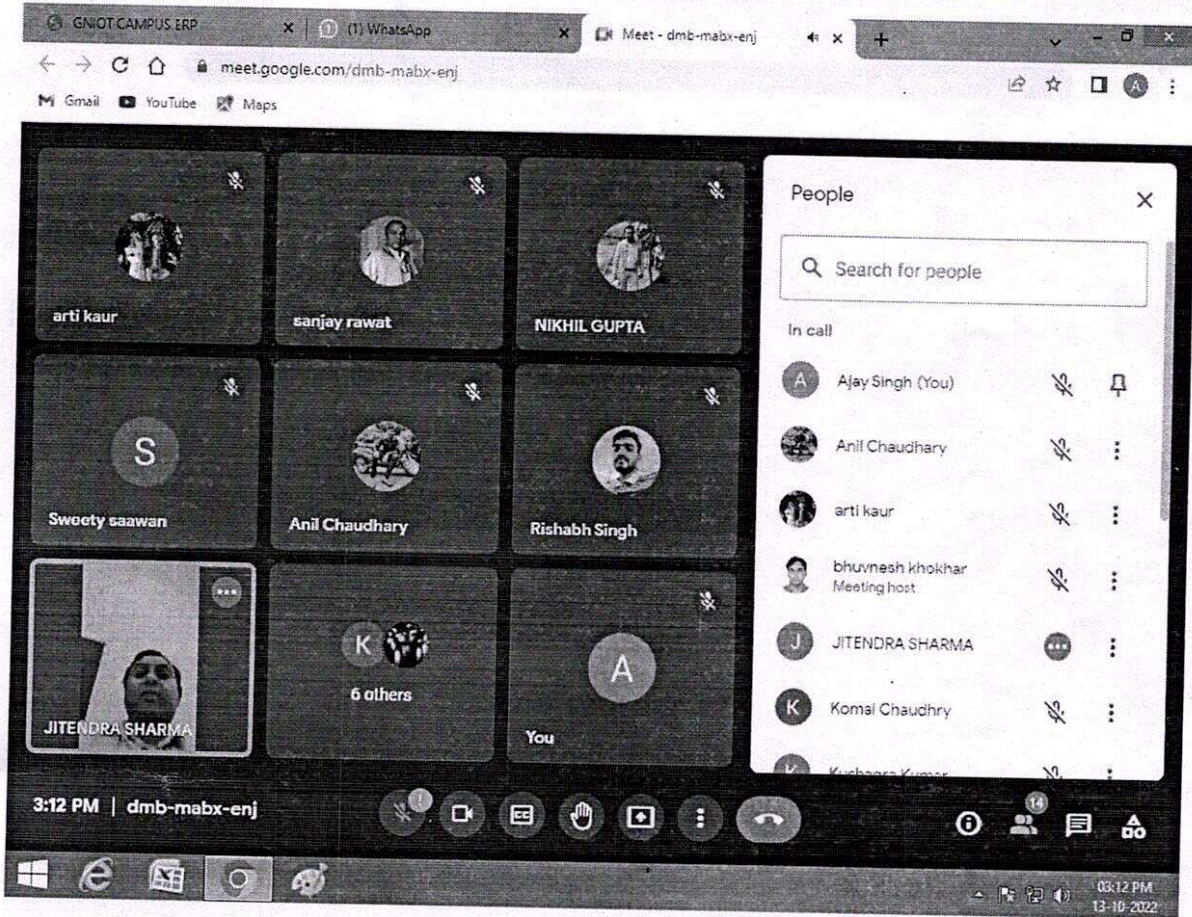

The students were able to know about various eye ailments and how to protect their eyes in day to day life. They also learnt about the importance of the world sight day.

Books Distribution Camp

Date: 15.10.2020

Happiness doesn't result from what we get but from what we give

The Electrical Engineering (EE) Department organized a Book Distribution Event at a primary school in Greater Noida on 15.10.2020 and it gives me immense pleasure to share with you all about the ceaseless happiness that I experienced. Mr. Aneep Kumar and Mr. Ajay Singh escorted the students of EE department to the primary school and distributed books and other stationery items to the kindergarten students.

Outcome:

The students participated in books and stationary distribution camp which gives them immense pleasure and a sense of donating things to needy persons.

ACTIVITY REPORT

Waste Management

21st October 2020

Organized by

Mechanical Engineering Department

Date: 21st October 2020

Location: GNIOT and nearby locations

Organizers: Mechanical Engineering Department

Objective: To promote proper waste management practices and cleanliness in GNIOT.

Activities:

- Cleaning of the GNIOT campus.
- Segregation of waste into recyclable and non-recyclable materials..
- Awareness campaign on the importance of waste management and cleanliness.

Participants:

- Students, faculty & staff members of the Mechanical Engineering Department.

Outcomes:

- A total of 35 volunteers participated in the activity.
- Approximately 45 kgs of waste was collected and disposed of properly.
- The GNIOT campus was left clean and hygienic.
- The initiative helped to create awareness among the local community about the importance of proper waste management and cleanliness.

Conclusion: The Waste Management activity organized by the Mechanical Engineering Department, GNIOT Gr. Noida was a great success. It not only helped to promote proper waste management and cleanliness but also created awareness among the local community about the importance of keeping our surroundings clean. We hope that such initiatives will continue in the future, and more people will join us in our efforts to promote a clean and hygienic environment. This event was successfully organized under the guidance of our Director Prof. (Dr.) Rajesh Goel, Dean (A) Prof. (Dr.) Dhiraj Gupta HOD Mechanical Prof. (Dr.) M. S. Rawat, and other faculty members. The activity was coordinated by Mr. S. Q. Husain.
